INTRODUCTION

In response to a request from Mrs. Norma Olin Ireland, national chairman of the Local Indexes committee, a project was started by the Pennsylvania JMRT in February, 1939. At this time the Junior Members in Pennsylvania were carrying out the "Directory of Personnel in Pennsylvania Libraries." Therefore they felt it unwise to attempt another project at the same time, but they still desired to cooperate with the national organization. Margaret Knoll, Chairman of JMRT of PLA 1938-39, appointed a Chairman of Local Indexes, and a program was set up. Due to lack of funds, it was felt that the best plan was to send out mimeographed forms to libraries in the state. This was accomplished by a committee appointed by districts, and these people distributed the mimeographed sheets at the district library meetings in the spring of 1939. The results were not encouraging, as only twenty-three replies were received up to the time of the PLA meeting in October. However, it was felt that the project was a worth while one and would fill a long felt need in the state. Therefore it was recommended in the committee's report at the October 1939 meeting that the project be continued. It was decided that it should be continued during the year 1939-40 as "Local Indexes in Pennsylvania" to be published in the *Pennsylvania Library and Museum Notes* of October, 1940. A grant was received from the PLA to carry out the project. Work was resumed by the continuing committee with additional appointments by the Chairman.

The committee realizes that the work is not complete, but an attempt was made to include everything that

could possibly be of interest or value to libraries and librarians throughout the state.

The list itself consists of a strictly alphabetical arrangement of indexes, by subject, title and author, with cross-references, subjects predominating. The subject headings used were chosen from a list distributed by the national organization, Sears' *List of Subject Headings*, and the Library of Congress' *List of Subject Headings*, and were assigned by Evelyn Hensel, Catalog Librarian, Pennsylvania State College Library.

The committee did not attempt to distinguish between bibliographies, lists and indexes, as such. All titles were included that were felt to be useful. In some cases where printed indexes are available, titles were not included.

Abbreviations were assigned to libraries, in order to conserve space. A list of contributing libraries with their abbreviations was included. Also, a geographical list, giving location list of index titles, was added to the compilation.

In case of revision or new editions to keep this material up-to-date, it is hoped that suggestions and criticisms will be offered to the JMRT, as it is planned to make this publication a part of the national list of indexes to be published in 1941.

Acknowledgments: I am very grateful to the PLA for its generous grant to the JMRT to carry out this project, and I hereby wish to express my thanks for its interest and cooperation. I also wish to thank all the cooperating libraries in the state for replying to the questionnaire. Much credit is due the various district committee members for their cooperation and help. I wish especially to thank Mr. Alfred

Decker Keator, Director of the Pennsylvania State Library and Museum, and Miss Nellie Stevens, Editor of the Pennsylvania Library and Museum Notes, also Mr. W. P. Lewis of the Pennsylvania State College Library, for their generous contributions of time and equipment. Special mention is made of Miss Evelyn Hensel for her help in as-

signing subject headings, and of Miss Gladys R. Cranmer, Miss Margeret Knoll, Miss Katherine Stokes and other members of the Pennsylvania State College Library staff for their interest and assistance.

ELSIE M. KRESGE,
*Chairman, Local Indexes
Committee.*

Mystery stories for children

F: Typed list; Arr: Alph. by
author; Sc: Books; Size: 130
entries; Add: Regular; Use:
Constant. RPL

NATIONAL BOARD OF FIRE UNDERWRITERS

Index to reports and bulletins of National Board of Fire Under- writers

F: Cards; Arr: Alph. by state
and city; Sc: Reports, bulletins
and supplementary reports.
These publications contain
about 1800 reports on several
hundred cities. As published,
these have no semblance of ar-
rangement. They have been
bound and the Technology
Dept. has assigned arbitrary
volume numbers. The index
which was then made would
accordingly be of use only with
a set to which these same vol-
ume numbers were assigned;
Size: 1925 entries; Add: Made
as new material is bound; Use:
Frequent. CLP-TD

NECROLOGY

Index to obituaries in *Appleton's Annual Cyclopedia*
